(SHRIMATI VASUNDHARA RAJE): (a) to (c) By accepting almost all the major recommendations made by the Fifth Central Pay Commission, pension has been considerably liberalised in respect of Central Government pensioners. However, as regard broadbased pension reforms in the country, the Ministry of Social Justice and Empowerment had constituted a Committee under the Chairmanship of S.A. Dave to examine policy questions connected with old age and income security in India. The Report submitted to the Government on 11.1.2000, *inter-alia*, contains recommendations on the schemes and actions that Government may take to ensure that every young worker builds up enough savings during his/her working life which could serve as a shield against poverty during old age. These recommendations have a twin focus on further improving existing pension provisions and to devise a fresh pension plan for such workers not covered by the present pension provisions. The Report has also recommended establishment of a regulatory agency called Indian Pension Authority to oversee and supervise the functioning of the pension system proposed. The Ministry of Social Justice and Empowerment has accepted the Report and has initiated action on it.
